***Specification***

1. The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: The specification fails to provide antecedent basis for the claim terminology "medium".

***Claim Rejections - 35 USC § 101***

2. 35 U.S.C. 101 reads as follows: Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.
3. Claims 24-27 are rejected under 35 U.S.C. 101 because the claimed invention merely recites a computer readable storage medium which is not one of the 4 statutory category as defined in 35 U.S.C. 101.
4. Claims 15-18 and 28-31 are allowable.
5. Applicant's arguments filed 10/27/08 have been fully considered but they are not persuasive because:

Applicant argues that claim 24 has been amended. Therefore, the rejection is now moot.

Examiner disagrees with applicant because even though applicant has amended the claim to include the word "storage" in the preamble of the claim to read "a computer readable storage medium", however, the specification still fails to provide antecedent

basis for the claim terminology "medium". Therefore, claims 24-27 are not patentable under 35 U.S.C. 101.

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
